**To:** Eddie Sleeper  
**Subject:** Testimony for Feb.13, 2018 Energy Cmte meeting.

My name is Nancy Burns, I live in Flint, Mi. My house is 850 sq. feet, I live alone, I work 10 hours a day five days a week. Nothing has changed in my home other than my Consumers Energy bill. My electric bill (Just Electricity) jumped from 480kwh in Nov. of 2017 to 2091kwh in Jan. of 2018. These are the numbers that are printed on my bill every month by Consumers Energy. My gas usage for the same months went up from 6.0Mcf to 12Mcf

(also printed on the bill). I have one of the New Smart Meters although I'm not sure when it was installed. There is no reason my bill should have gone up so drastically. I would like these new Smart Meters and Consumers Energy investigated.

Thank You, Nancy Burns [nancyburns5050@gmail.com](mailto:nancyburns5050@gmail.com)
